

Project Initialization and Planning Phase

Date	30 June 2026
Team ID	
Project Name	Credit Card Approval
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

I am	I'm trying to	But	Because	Which makes me feel
Credit Card Applicant	Check my credit card approval eligibility quickly and accurately	The traditional credit card approval process is slow and involves multiple steps and approvals	It requires manual verification of income, credit score, credit history, existing loans, employment details, and other eligibility checks	I need a fast, reliable, secure, and transparent credit card approval prediction system that provides instant eligibility results

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Credit Card Applicant	Check my credit card approval eligibility quickly and accurately before applying.	The traditional credit card approval process is time-consuming, involves multiple verification steps, and lacks transparency.	Banks manually verify income, employment, credit score, financial history, repayment behavior, and other eligibility	I need a fast, reliable, secure, and transparent credit card approval prediction system that provides instant eligibility results.
